OFFICE OF UNDERGRADUATE EDUCATION

**Your transition to the U of M does not stop after Orientation and Welcome Week. Check out these additional opportunities available to support you during the academic year:**

- Stay up to date on campus events and “things to know” during your transition to the U of M through communications like the **Class of 2023 eNewsletter** and **Class of 2023 Facebook group**.
- Take advantage of **UMNetworks** to build social connections with other new students. A Network Leader will help connect you with other new students by participating in group activities.
- Participate in **At Home in MN** events (for out-of-state students only) around the Twin Cities such as the State Fair and a local orchard. Experience Minnesota traditions with other out-of-state students.
- Join the **At Home in MN Living Learning Community** with other out-of-state students by indicating your interest on your housing application.
